About Me

I am a skilled front-end developer with experience developing web applications using React. I have a passion for creating clean, responsive, and user-friendly interfaces. I am a team player with excellent problem-solving skills. I love learning and keeping up with the latest trends and technologies in web development.

Work Experience

- **Mentor at Fantastic Academy**

Oct 2021 — Mar 2023

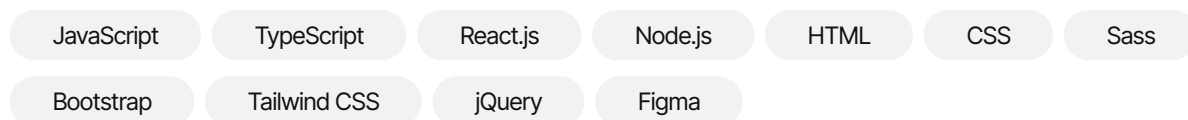

Part-time

As a mentor, I guide and help junior developers in their journey to becoming front-end developers. I teach them the best practices in front-end development and provide feedback and suggestions on their code. I also assist in code reviews and pair programming sessions to help them improve their skills.
