"Fantastic Academy" is a **training center in Fergana**, which started its activity as a design studio in 2017. I worked here as a web programming mentor for more than **a year and a half**. During this period more than 30 students finished the course.

#### Key Responsibilities:

- I taught skills such as *HTML/CSS, JavaScript, and React*.
- Conducted open classes at schools.
- Participated in administrative work.

Graduated with the goal of working on real-world projects and building a career as a **Front-End/Full-Stack** developer.
